Subject: Proposed Tribal meeting November 13, 2008

I've asked the tribal representatives by email and tribal leaders by mail if they would attend a meeting on November 13, 2008 to comment on the Water Control Manual for the ACT/ACF River Basins. I'm sorry to say, but you were
the only one to positively respond to the invitation. We are, therefore,
cancelling the meeting on November 13, 2008. We will continue to send everyone any information we have on the development of the manual and any actions we plan to make. We will certainly send out another invitation to allow everyone an opportunity to comment on the draft EIS/WCM, once it is published in the spring of 2010. In the interim, we would propose that we make a trip to Oklahoma to discuss the ACT/ACF and any other projects in which you may have an interest. Thanks, Tommy
