ACTIVITIES IN PROGRESS									
Trawler Wild Dream II trawling									
TSHD Columbia digging area 400+00 to 460+00.									
Endangered Species Observes on board monitoring activities. ODESS program being utilized for daily load submittals.									
GENERAL COMMENTS									
Dredge Columbia finalized digging in Pascagoula and finished load 308 , out of stations 400+00 to 460+00. Deposited load 308 into the ODMDS. Then Dredge Columbia transited back to Mobile to continue that project.									
Wild Dream II continued trawling while the dredge was in operation and then left the project.
