TECHNICAL SUPPORT BRANCH

NAVIGATION BULLETIN NO. 13-28

NOTICE TO NAVIGATION INTERESTS:

GULF INTRACOASTAL WATERWAY, FLORIDA

Reference Navigation Bulletin Nos. 13-19, 13-21, 13-23, and 13-24.

Notice is given to mariners that heavy rainfall over the weekend of August 18 -19, 2013 caused additional material to flow into the waterway at Mile 263 where the levee breach occurred last month. This material has blocked approximately half of the channel, as shown on the attached hydrographic survey. The U.S. Army Corps of Engineers is developing plans to mobilize the necessary equipment to dredge this area.

Mariners are urged to use extreme caution when transiting this area. For further information, please contact the U.S. Army Corps of Engineers, Panama City Site Office at (850) 784-9780.

Codes A3 and A10

CARL E. DYESS
