TECHNICAL SUPPORT BRANCH

NAVIGATION BULLETIN NO. 15-39

NOTICE TO NAVIGATION INTERESTS:

MULBERRY FORK OF THE BLACK WARRIOR RIVER, ALABAMA

Reference Navigation Bulletin No. 15-35, providing notice to mariners that Alabama Power Company would be replacing the overhead shield wire across the Mulberry Fork of the Black Warrior River, between River Miles 398 and 399, at the Gorgas Steam Plant.

Due to equipment difficulties, this work has been extended one day until 5:00 P.M on June 18th. No impact to river traffic is expected, unless the lines break during the pull. A boat will be in the river to clear broken lines, if necessary.

For further information, please contact Mr. Kendal Harbison at (205) 288-5539.

CARL E. DYESS
Chief, Navigation Section
