

CONSTRUCTION QUALITY MANAGEMENT FOR CONTRACTORS

08//15/08

The Mobile District has scheduled six "Construction Quality Management for Contractors" classes during Fiscal Year 2009. These classes will be conducted on the following dates:

November	19 and 20 , 2008
January	21 and 22 , 2009
March	18 and 19 , 2009
May	20 and 21 , 2009
July	22 and 23 , 2009
September	23 and 24 , 2009

Tentative location of the classes will be in Mobile, Alabama on the University of South Alabama, Brookley Campus. Class Location: Bldg 226, Commander's House. Extra parking in rear of building.

Class hours will be:

Day 1 - 0730-0800	Registration
	0800-1630 Class time
Day 2 - 0800-1500	Class time

This course is presented to allow contractors to meet Corps' construction contract requirements for the training of contractor quality control personnel. Corps of Engineers Guide Specification CEGS-1451, entitled "Contractor Quality Control", April 1997, requires approval of the contractor's quality control manager being contingent upon the successful completion of this course.

Course Information:

CONSTRUCTION QUALITY MANAGEMENT FOR CONTRACTORS (Revised 2004).

784/CEMP-CE

Training Length: 16 hours

Video Run Time: 1.25 hours

Continuing Education Units: 1.3

Qualified as meeting Florida Licensing Board of Contractors training requirements.

Purpose: This course familiarizes contractor personnel with Corps of Engineers Construction Quality Management concepts and procedures.

Description: This training is divided into these areas of instruction: (1) Introduction; (2) Contractor's Review; (3) Quality Management Planning; (4) Preconstruction Conference and Coordination Meeting; (5) Submittals; (6) Quality Management during Construction; (7) Making the

System Work; and (8) the Resident Management System. Each module is further divided into submodules. An additional segment covering general information regarding Corps of Engineers Safety Administration for Construction Safety is also included.

General: This course is a facilitated video course containing eight modules, which are further divided into submodules. Each module/submodule includes an introduction, a short video clip, and a short reading segment followed by class discussion. This course is designed to involve the student in the learning and teaching process by interaction, relevant examples and active participation. A practical exercise is included where students are divided into teams, which then hold a preparatory control phase meeting.

Students will be provided with a student workbook. To successfully complete this course, the student must be present for all sessions and achieve a passing grade of 70 on the written test given at the end of the course. A certificate will be issued to all students who satisfactorily complete the course. This certificate is valid for 5 years.

Costs: Cost of the course is \$200 per student.

Checks or money orders should be made payable to "F and A Officer, Mobile District".

Checks, if mailed must be mailed to:

U.S. Army Corps of Engineers, Mobile

P.O. Box 2288 (Attn: CD-M, CQM Class)

Mobile, AL 36288

A group check or money order can be used to cover more than one participant from the same organization. Check or money order will be acceptable at the start of the class.

Notice:

Any scheduled class is subject to cancellation if there are less than 10 confirmed registrants within 2 weeks of the scheduled date of the class. Students must cancel any class 10 days prior to the beginning of class date.

If you have any questions, please call

(251) 690-2482 or (251) 690-2471.
