Mobile District Safety and Occupational Health Office
Potable Water Systems

Bulletin 03-09

The 15 September 2008 Safety Manual (Yellow Book) is now in effect for most new contracts and government operations. Please note the change for approved potable water systems as stated below.

02.C.03 Only approved potable water systems may be used for the distribution of drinking water. Construction trailers and other temporary or semi-permanent facilities shall be properly connected to the local municipal water supply unless the remoteness of the location makes this prohibitive. When unable to connect into the municipal supply, temporary potable water systems shall be utilized, with the services provided by a licensed potable water contractor. "Reclaimed water" (treated wastewater) use in potable systems is strictly prohibited.
