Mobile District Safety and Occupational Health Office
Scaffold Tagging

Bulletin 39-09

The 15 September 2008 Safety Manual (yellow book) is now in effect for most new contracts and government operations. Please note the changes for scaffold tagging as stated below.

22.A.06 Contractors shall use a scaffold tagging system in which all scaffolds are tagged by the Competent Person. Tags shall be color-coded: green indicates the scaffold has been inspected and is safe to use; red indicates the scaffold is unsafe to use. Tags shall be readily visible, made of materials that will withstand the environment in which they are used, be legible and shall include:

- a. The Competent Person's name and signature;
- b. Dates of initial and last inspections.
