

CIVILIAN POSITIONS WITH
THE U. S. DEPARTMENT OF ARMY
U.S. ARMY CORPS OF ENGINEERS
Mobile District

Looking for a great place to work?

The U.S. Army Corps of Engineers is one of the best! In 2016, USACE ranked number two of government large-agency subcomponents! As rated by their employees, USACE supervisors strongly support employee development and opportunities to demonstrate leadership skills, while also maintaining an optimal work/life balance. The Corps offers a team-inspiring and collaborative work environment; providing challenging and rewarding careers across a variety of disciplines.

Civilian employees serve a vital role in supporting the Army mission. They provide the skills that are not readily available in the military, but crucial to support military operations. The Army integrates the talents and skills of its military and civilian members to form a Total Army.
