NOTES:

1. To better facilitate the public bid opening process, all modifications to bids are to be submitted on copies of the latest bid schedules as published in the solicitation or the latest amendment thereto. In lieu of indicating additions/deductions to bid items, **all bidders should state their revised prices for each item.** The company name should be indicated on the face of the bid schedule to preclude being misplaced.
2. Bidders must insert a price on all numbered items of the bidding schedule. Failure to do so will disqualify the bid.
3. All extensions of the unit prices shown will be subject to verification by the Government. In case of variation between the unit price and extension, the unit price will be considered to be the bid.
4. The number of hours indicated on the Bidding Schedule is approximate. The contractor may be required to work either more or less than the number specified and these items are not subject to the Variations in Estimated Quantities Clause.
5. Refer to Section 00 00 10 paragraph entitled "BID EVALUATION" for information about the bid items.

6. For Bid Item entitled INTERMEDIATE MOBILIZATION AND DEMOBILIZATION OF PIPELINE, each UNIT is equivalent to 1,000 feet of pipeline.

7. For the purposes of bidding, the dredge Mobilization Point is the intersection of the Theodore Ship Channel and Mobile Bay Channel in Mobile, AL.

8. For Bid Item entitled, MISSISSIPPI STATE TAX, the Government will reimburse the Contractor for the actual taxes collected by the State of Mississippi for work performed under this contract. It cannot be left blank. Also, the State of Mississippi will enforce an equipment tax on equipment new to the State of Mississippi. This equipment tax will not be reimbursed by the Government.

BID EVALUATION:

(1) It is the intent of the Government to secure a dredge meeting the requirements set forth in the Statement of Work of the specifications. The table in the paragraph entitled DREDGE AND ATTENDANT PLANT REQUIREMENTS indicates the estimated average output for dredges of various power based on average theoretical conditions under which this work is to be accomplished. Bids will be evaluated and award will be made on the basis of employment of the plant that will result in the lowest overall total price, as described hereinafter, to the Government for the equipment. This is not to be construed by the Contractor that the Government guarantees this number of hours and linear feet will be worked.

(2) Bidders should insert into the bid schedule the appropriate number of hours for 100% Pay Time from the table in section 01 00 00, paragraph 2.2.

(3) Bids based on dredges smaller than those listed in the Table will be considered non-responsive.

(4) The Government will check the bidder's computation for accuracy and to insure that the bidder's computation was made in accordance with the above evaluation procedures. In case of variation between the bidder's computation procedures and those prescribed above, the Government will correct the bidder's computation and the bid will be evaluated by the corrected computation.
