**Date:** Friday, August 07, 2020 6:12:22 PM

---

Ms. Hamilton,

We are currently in the process of submitted a draft applicant prepared Biological Assessment to the USACE Mobile District via the drop box. Because of the size of some of the appendices, the complete BA is being submitted in multiple emails. Specifically, the BA and following appendices are included in one email:

- \* Appendix B Consultation Letters
- \* Appendix C Hydrostatic Test Plan
- \* Appendix D Wetland and Waterbody Crossing Tables
- \* Appendix E Construction Best Management Practices Plan
- \* Appendix F Spill Prevention, Control, and Countermeasures Plan
- \* Appendix G Horizontal Directional Drill and Contingency Plan

The following appendices are being sent in separate emails:

- \* Appendix A Project Maps and Figures – Figures are included; however, map books of aerial and topographic mapping to follow in own series of emails
  
- \* Appendix H Gopher Tortoise Burrow Survey and Scoping Report – Provided in a separate email
- \* Appendix I Freshwater Mussel Survey – Provided in two separate emails

If you have any questions, please do not hesitate to call or email.

Thank you,

Andrew
