THE COMMERCIAL APPEAL

The Memphis Depot Environmental Division Salutes the Restoration Advisory Board Community Members

The Memphis Depot's Restoration Advisory Board (RAB) community members volunteer time to work with the Memphis Depot on matters relating to the Depot's environmental restoration program. The RAB mission is to establish and facilitate a forum with the community, the Base Realignment and Closure Cleanup Team and the Defense Logistics Agency for the input and exchange of information in an open and interactive dialogue concerning the Depot's environmental restoration programs. Through the RAB, stakeholders may review progress and give advice relating to the decision making process.

We salute the following community members for their dedication and commitment to the restoration, revitalization and reuse of the Memphis Depot. Feel free to contact your community RAB representatives or call the Depot's Community Relations office at (901) 544-0613 with concerns or comments. RAB meetings are open to the public.

We encourage you to attend our next RAB meeting August 19 at 6:00 p.m. at the Memphis Depot, "J" Street Cafe.
