Good Evening All,

Hope this email finds you all well. I know we've discussed the transition of EPA RPMs from myself to Fernando Torres-Martinez and we have a webex call tomorrow morning that I know will be helpful and informative. The FFA (see below) requires written notification of 5 days for transition from an RPM to another RPM at any of the FFA Managers. To this end, please consider this the official email notification of the EPA RPM transition from myself to Fernando which make the **official day of transition close of business April 25, 2022**. On the morning of April 26, 2022, Fernando will be EPA's official FFA Manager for the DDMT site.

I have enjoyed working with all of you and know you're in good hands with the incoming EPA RPM – take care and hope to see you all soon. Thanks, D

### XIII. PROJECT MANAGERS

A. On or before the effective date of this Agreement, EPA, DLA, and TDEC shall each designate and notify the other Parties in writing of the name and address of their Project Manager and an Alternate Project Manager. The Project Managers shall be responsible, on a daily basis, for assuring proper implementation of all Work performed under the terms of the Agreement. In addition to the procedures set forth in Section XXXI (Written Notification Procedures), to the maximum extent practicable, communications among DLA, EPA, and TDEC on all documents, including reports, comments and other correspondence concerning the activities performed pursuant to this Agreement, shall be directed through the Project Managers. The Alternate Project Manager shall be authorized to exercise the authority of the Project Manager in his or her absence.

B. DLA, EPA and TDEC may change their respective Project Managers. Such change shall be accomplished by notifying the other Parties, in writing, within five (5) Days of the change and prior to the new Project Manager exercising his or her delegated authority.
