Re: Concurrence for the Record of Decision for Interim Remedial Action of the Groundwater at Dunn Field (OU-1) at the Defense Depot site, Memphis, Shelby County, Tennessee, April 1996, TDSF #79-736, cc 82

Dear Ms. Kartman:

The Tennessee Division of Superfund (TDSF) Memphis Field Office (MFO) has reviewed the Interim Remedial Action Record of Decision for the Groundwater at Dunn Field, for the Defense Depot site dated April 1996 referenced above.

The Tennessee Department of Environment and Conservation (TDEC) is in concurrence with the selected remedy, a pump and treat containment alternative, Alternative 8 as described. TDEC has been actively involved with the development of the alternatives as well as the selection process through closely coordinated project management among Base Closure Team (BCT) members and extended BCT members.

This concurrence is provided within the authority of the Federal Facilities Agreement (FFA) for the Defense Depot, the Defense Department/State Memorandum of Agreement (DSMOA), and the delegated powers of the Commissioner of TDEC as part of the President's five step Base Cleanup Plan (BCP) process.

Sincerely,

Clint Willer, Director
Tennessee Division of Superfund
