RE: TDEC/DSF #79-736, cc 82
Response to DDMT Comments on Background Characterization Technical Memorandum

Dear Mr. Kaden:

The Tennessee Division of Superfund, Memphis Environmental Assistance Center (MEAC), on behalf of the Tennessee Department of Environment and Conservation (TDEC/DSF), reviewed the above-referenced document received at this office via fax on 1/23/98. TDEC/DSF has no comments on this document. However, on December 8, 1997, TDEC/DSF did comment on the Response to Comments on the referenced document that was previously provided. To date TDEC/DSF has received no response to that letter. In addition, TDEC/DSF would like to be advised if you know when the final version of the referenced document (to be renamed Background Sampling Data Report) will be published.

If you have any questions please don't hesitate to call me at (901) 368-7957.

Very truly yours,

Terry R. Templeton, P.G.
