Dear Community Member:

Thank you for attending today's Community Information Session. The members of our Restoration Advisory Board and the Depot staff appreciate your interest and involvement in helping restore, reuse and revitalize this property.

The purpose of this Information Session is to update the community on the Depot's environmental cleanup program and to allow you to give us your candid feedback on our activities. It is our intention to hold these types of meetings, both at the Depot and in the community, on a regular basis.

We have invited a number of federal, state, local government agencies and community organizations, along with our environmental contractors, to update you on the overall progress of our environmental cleanup program. Please feel free to speak to the representatives from these organizations to discuss your questions, comments and concerns.

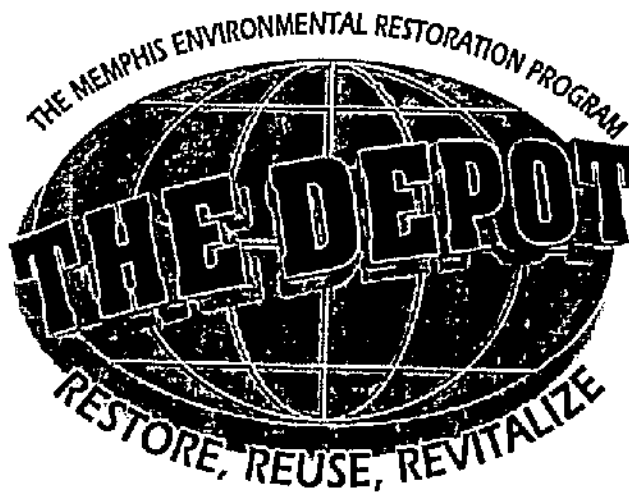

Copies of the environmental reports and studies, conducted on behalf of the Depot, are available for your review at a number of locations throughout the community. In addition, the Depot has set up a Community Reading Room, with reports, studies and internet access, which is available for your use. We invite you to visit us and make use of this important community resource.

In addition, Ms. Alma Black Moore has recently joined the team as our Community Relations Specialist. I would encourage you to contact her should you require further information on our program at (901) 544-0613 or at [com\\_rel@dmzt3.ddmt.dla.mil](mailto:com_rel@dmzt3.ddmt.dla.mil).

On behalf of the members of the Restoration Advisory Board and the entire Depot staff, we appreciate your ongoing interest and commitment to the revitalization of the Depot property.

Yours sincerely,

SHAWN PHILLIPS  
BRAC Environmental Coordinator

### **PUBLIC INVITED TO DEPOT COMMUNITY INFORMATION SESSION**

(Memphis, TN) The Depot's Environmental Division is hosting a Community Information Session on Saturday, September 19, 1998 at Corry Junior High School to update community members on the progress of the environmental activities taking place at the facility.

Representatives from the U.S. Environmental Protection Agency (EPA), Tennessee Department of Environment and Conservation (TDEC), Restoration Advisory Board (RAB), the Depot's Environmental Division, U.S. Army Corps of Engineers, Agency for Toxic Substances and Disease Registry, Memphis/Shelby County Health Department, Memphis Light, Gas and Water, University of Memphis' Groundwater Institute and other community groups and agencies will host information displays highlighting different aspects of the Depot's environmental cleanup program.

"A great deal of community dialogue and feedback has been generated about the environmental cleanup program at the Depot since our previous open house in February. We encourage our neighbors to drop by the school to look at the information displays at their leisure, and discuss any of their questions, concerns or comments about our environmental activities," said Shawn Phillips, Base Realignment and Closure (BRAC) Environmental Coordinator at the Depot.

The Community Information Session will take place in the school cafeteria of Corry Junior High School from 10:00 a.m. to 4:00 p.m. (2230 Corry Road, Memphis).

We would also like to invite all members of the media to attend the Depot's Community Information Session. If you have any questions, contact Alma Black Moore at (901) 544-0613.

### **COMMUNITY INFORMATION SESSION**

**Location:** Corry Junior High School  
2230 Corry Road, Memphis  
(school cafeteria)

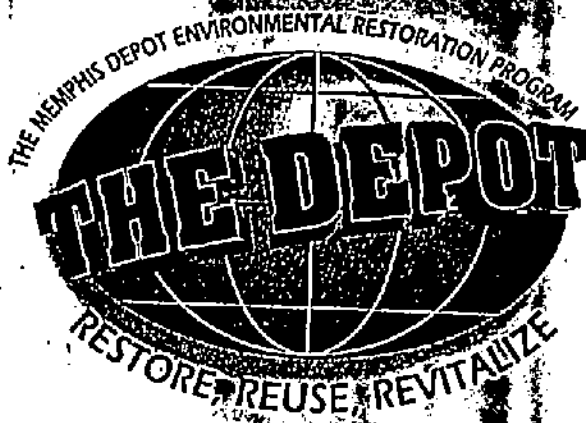

**Time:** 10:00 a.m. - 4:00 p.m.

**Photo Opportunity:** All organizations will be represented by staff and information display booths.

Interviews with the Depot and regulatory participants can be arranged throughout the day.

### PUBLIC INVITED TO DEPOT COMMUNITY INFORMATION SESSION

The Depot's Base Realignment and Closure (BRAC) Cleanup Team is hosting a Community Information Session on Saturday, September 19, 1998 at Corry Junior High School to update the community on the progress of the environmental activities taking place at the Depot.

Representatives from the US Environmental Protection Agency (EPA), the Tennessee Department of Environment and Conservation (TDEC), the Restoration Advisory Board (RAB), the Depot's BRAC Cleanup Team, the Army Corps of Engineers, Agency for Toxic Substances and Disease Registry (ATSDR), Memphis/ Shelby County Public Health Department, and other community groups and agencies will be hosting information displays highlighting various projects and aspects relative to restoring, reusing and revitalizing the Depot facility.

We encourage you to attend the Community Information Session. The session will be set up like an open house in the Corry Junior High school cafeteria. You can look at the information displays at your leisure and discuss questions and concerns with representatives from all of the participating groups and agencies.

### **Depot Community Information Session**

**Saturday, September 19, 1998**

**10 a.m. to 4 p.m.**

**Corry Junior High School**

**2230 Corry Road, Memphis, TN**
