2510 Mt. Moriah Road Suite E645
Memphis, TN 38115-1520

Dear Mr. Morrison:

Please find attached three copies of the Soil and Groundwater Feasibility Study for the Main Installation of the Memphis Depot site. Be aware that one copy is being forwarded to the U. S. G. S., and two copies are being forwarded to EPA Region 4. Please use the third additional copy you are being provided for any additional distribution with the State government.

Please recall from our May 16 meeting that any comments you may have on these "Draft Final" documents are due on Monday, July 10. Also, per Mr. Turpin Ballard's request, I have drafted the July 19 BCT meeting agenda to include a discussion for any lingering issues with these two feasibility studies.

Call my next week if you have any questions at (901) 544-0617 during working hours or (901) 380-1357 during the holiday period.

SHAWN PHILLIPS
BRAC Environmental Coordinator
