Dear Mr. Williams:

Thank you for your organization's interest in the environmental cleanup project at the Defense Distribution Depot Memphis. Regarding your letter dated January 11, 1996 requesting the documents related to the Depot's investigation, the Depot has established three information repositories which are all open to the public. These repositories contain all documents concerning the investigation and are located at the following locations:

- a. Main Branch Library, Government and Law Section
1850 Peabody
Memphis, TN
(901) 725-8877
- b. Cherokee Branch Library
3300 Sharpe
Memphis, TN
(901) 743-3655
- c. Memphis/Shelby County Health Department
Pollution Control Division
814 Jefferson Avenue
Memphis, TN
(901) 576-7775

We will continue to place all documents related to the Depot's investigation, including the results, in the repositories. These information repositories fulfill the Depot's requirements for public disclosure of project information.

You may also obtain information by attending the monthly Restoration Advisory Board meetings held in the Depot Commander's Conference Room every third Thursday. Presentations at board meetings include project updates, recent findings and discussions of cleanup alternatives. We encourage you and any interested citizens to attend these meetings. Please call my office at 775-4568 for more information concerning the board meetings.

Sincerely,

SIGNED
