Dear Mr. Phillips:

The agenda for September 16, 1999 does not include the third item of my letter to you dated August 5, 1999. I am including a copy of that letter. Item 3 referred to ATSDR's draft of "Assessment of Cancer Incidence USA Defense Depot Memphis, Memphis, Shelby County, Tennessee".

Ms. Phyllis Williamson, Epidemiologist, ATSDR, informed me that she intends to be present at the RAB meeting on September 16, 1999. Why not take advantage of her presence?

If you recall we voted to drop the remaining agenda items in the August meeting to allow the community people to speak. I expected the remaining unaddressed items to be listed on the September's agenda and was surprised when it was not included.

I was not pleased that my suggestions for items to be included on the August agenda was not printed on the agenda. This implies to me that the items were not legitimate items. Either you want us to submit items or you don't.

Respectfully,

Eugene H. Brayon
