SUBJECT Approval of Pre-Design Data Collection Plan for Long-Term Operational Areas (LTOA) at the Defense Depot, Memphis Tennessee (DDMT)

Dear Mr. Deback:

The United States Environmental Protection Agency (EPA), Region 4, has reviewed the subject document and finds that it is adequate for its purpose. It incorporates by reference appropriate sampling and analytical procedures from the site-wide quality assurance project plan, as amended, and clearly sets out the goals and objectives for the effort. This work can go forward as soon as possible.

If you have any questions, please call me at 404/562-8553.

Sincerely yours,
