SUBJECT: Former Pistol Range, Site 60 and Site 85 (Verification of Demobilization)

On March 10, 2003 contractors operating under the oversight of the Mobile District, US Army Corps of Engineers completed removal of contaminated surface soil from the former pistol range (site 60) and demolition and removal of the adjacent building (site 85). Dunn Field is a portion of the former Defense Distribution Depot Memphis, TN (DDMT). Jacobs Engineering distributed a remediation report covering this action in April 2003 under Mobile District US Army Corps of Engineers contract number DADA01-99-D-0400
