Re: Request for Additional Information
Corrective Action Permit Application
Defense Depot Memphis Tennessee (DDMT)
TNHW-053
EPA I.D. Number: TN4 210 020 570

Dear Mr. Dobbs:

This letter documents recent telephone conversations the Division has had with Thomas Holmes, DLA's remedial action contractor. The Division reviewed the DDMT corrective action application and found that it is necessary for DLA to submit additional information to complete the application. The details have been discussed with Mr. Holmes and we are in agreement of the information that the Division needs to write the permit. In general, DLA needs to submit a facility description, which includes the regulatory history, and to upgrade the list of SWMUs and AOCs to reflect the decision documents for final remedy determination.

If you have any questions or comments regarding this request, please contact me at (615) 532-0859 or at clayton.bullington@state.tn.us.

Sincerely,

Clayton A. Bullington, P.G.
