Re: Draft-Final Proposed Groundwater Action Plan for Groundwater for DDRC,
submitted October 20, 1994, TDSF #79-736, cc 82

Dear Commander, Mr. Novitzki:

The Tennessee Division of Superfund (TDSF) Memphis Field Office (MFO) has reviewed the Draft-Final Proposed Groundwater Action Plan for Groundwater for DDRC received on 10/20/94.

Pursuant to the intent of the Federal Facilities Agreement (FFA) being currently negotiated the Tennessee Department of Environment and Conservation (TDEC) is providing the enclosed comments. Providing these comments are adequately addressed TDEC concurs with this Proposed Plan. Should you have any questions or concerns regarding this review or the Site in general please call at (901) 368-7953

Sincerely,

Jordan English, Manager
Memphis Field Office
Tennessee Division of Superfund

**Comments on the
Draft Final
Proposed Groundwater Action Plan
for Dunn Field at
Defense Depot Memphis
TDSF Site # 79-736
Received 10/20/94**

General Comments:

This document is a marked improvement over previous drafts of the Proposed Plan (Plan). The Tennessee Division of Superfund (TDSF) has a limited number of specific comments which, when addressed, will allow TDSF to concur with the Plan.

Specific Comments:

1. Page 5, Alternative response actions--Plume containment is the response action that is actually being retained. Pump and treat is simply a technology used to implement the alternative(s).
2. Page 9, 1st paragraph--Please insert "above" before "...their respective..."
