Re: Concurrence with FOST #4 for the Defense Depot, Memphis Tennessee (DDMT)

Dear Mr. Dobbs:

The U.S. Environmental Protection Agency, Region 4, reviewed and commented on the draft Finding of Suitability to Transfer (FOST) #4, in December, 2004. This FOST covers 41.2 acres of Dunn Field at DDMT. All of our comments were adequately resolved, and on January 10, 2005, via email message (enclosed), EPA communicated that it had no further comments. Please take that date as the date of EPA concurrence. EPA understands that the Army executed the FOST on March 4, 2005, following a public comment period. This letter is for the record, and to clarify EPA's concurrence date.

If you have any questions, Please contact me at 404/562-8553.

Sincerely yours,

Wm. Turpin Ballard, RPM
Federal Facilities Branch
