Re: SMP revisions postponement, Defense Depot, TDSF #79-736, cc 82

Dear Mr. Novitzki:

Attached is the concurrence statement that I reviewed and signed this day regarding the SMP revisions delay that seems realistic in light of the imminent decision related to the potential closure of Memphis Depot under BRAC.

I say this while noting that the President has now made his decision and it is now apparent that the Depot will be closing after all. In light of this recent development it seems appropriate that we now move forward with a SMP revision at this time.

I will look forward to seeing you and the other team members on Monday the 24th. Please keep me posted regarding place, time, and agenda.

Sincerely,

Jordan English, Manager  
Memphis Field Office  
Tennessee Division of Superfund
