Memphis Depot Main Installation**Annual Site Inspection Form**

Pursuant to the Land Use Controls Implementation Plan dated February 2004 (Appendix C of Rev. 1 Final Main Installation Remedial Design dated July 2004) for the former Defense Distribution Center (Memphis) - Main Installation (Memphis Depot), an inspection at the Memphis Depot was conducted by MACTEC Engineering and Consulting, Inc. from 13 to 19 July 2006.

A summary of the land use restrictions is as follows:

- No residential land use or other child-occupied facilities including daycare on the Main Installation (except Parcels 1 and 2 of Functional Unit [FU] 6).
- No production/consumptive use of groundwater or drilling groundwater wells on the Main Installation.

Verification that land use restrictions are being accomplished and LUCs remain effective

- Verify that boundary fence surrounding golf course area in FU2 remains intact.
 - Visual inspection conducted on 13 July 2006. No deficiencies identified.
- Verify that no residential housing/development or child daycare activities are occurring at the site (except Parcels 1 and 2 of FU6).
 - Interviewed Mr. Jim Covington, President of the Depot Redevelopment Corporation (DRC), on 19 July 2006. He confirmed no residential housing/development or child daycare activities are occurring at the site (except at Parcel 2 of FU6).
 - Obtained current tenant list from DRC on 18 July 2006 that confirmed no residential housing/development or child daycare activities are occurring at the site (except at Parcel 2 of FU6).
- Verify that no groundwater wells have been installed at the site (except for monitoring and injection wells that were done as part of the remedy) and that no production/consumptive use of groundwater is occurring.
 - Interviewed Mr. Jim Covington, President of the DRC, on 19 July 2006. He confirmed no groundwater wells have been installed at the site and no production/consumptive use of groundwater is occurring.
 - Interviewed Mr. Greg Parker, Memphis/Shelby County Health Department Pollution Control Division Well Permits, on 18 July 2006. Mr. Parker confirmed that no permits have been issued for construction of consumptive use/production groundwater wells at the Main Installation.

Description of any deficiency or violation of the land use restrictions

No deficiencies or violations identified.
