Re: Request for Extension on Submittal of Final Off-Depot Remedial Design, Dunn Field,
Defense Depot Memphis Tennessee (DDMT), Received November 7, 2007

Dear Mr. Dobbs:

The U.S. Environmental Protection Agency, Region 4 (EPA) has reviewed the subject request, which was also a topic of discussion at the BRAC Cleanup Team (BCT) meeting on November 15, 2007. EPA agrees that good cause for the extension exists under Section XXII.B.5 of the DDMT Federal Facilities Agreement (FFA). Therefore the extension is granted for this document and those documents affected by granting this extension, as specified in your original request letter.

If you have any questions, please contact me at 404/562-8553.

Sincerely yours,

Wm. Turpin Ballard, RPM
Federal Facilities Branch
