## WRITTEN COMMENT SHEET

RECEIVED

DEFENSE DISTRIBUTION DEPOT MEMPHIS, TENNESSEE  
PROPOSED INTERIM REMEDIAL ACTION

DEC 29 1994

Nob Hill  
MSA

Thank you for attending this Public Hearing. Please use this sheet to give us your written comments on potential concerns about the proposed Interim Remedial Action.

I live in The Nob Hill Subdivision south of Alcy Rd. I understand that our subdivision was built on land fill. Therefore, anything and all kinds of materials were probably dumped there.

Because of the large number of health problems that have occurred and are occurring, the residents should be informed of the types of dangers that could possibly be present.

I am again requesting that the soil/water in the above stated community be tested.

## WRITTEN COMMENT SHEET

DEFENSE DISTRIBUTION DEPOT MEMPHIS, TENNESSEE  
PROPOSED INTERIM REMEDIAL ACTION

Thank you for attending this Public Hearing. Please use this sheet to give us your written comments on potential concerns about the proposed Interim Remedial Action.

It is my suggestion that proposed Remedial Action should include a larger area of testing. The land south of the depot, at one time, was used as a dump. A record check should be done to determine whether the depot has ever used that area for dumping purposes. My father told me, in 1964 (when I moved in that area), that the homes were built on top of a dump.

It seems to me that the I R A is using the Band-aid approach to what could possibly be a serious problem.
