Dear Mr. Dobbs,

TDEC-DoR has reviewed and approves the Dunn Field Interim Remedial Action 2008 Annual Report as compiled by E2M, and concurs with the recommendation that the IRA extraction system be removed. As discussed and agreed to in the recent DDMT BCT meeting (6/24/09), the extraction system is no longer needed in meeting the remedial action objective criteria as outlined in the Final Dunn Field Record of Decision (April 2004). If there questions, concerns, or comments please contact me at (901) 368-7910 or at jamie.woods@tn.gov

Sincerely,

Jamie A. Woods
