RE: ADEM Review and Concurrence: Final Record of Decision for Bains Gap Road
dated April 2014
Fort McClellan, Calhoun County, Alabama
Facility I.D. No. AL5 000 053 611

Dear Mr. Bolton:

The Alabama Department of Environmental Management (ADEM or the Department) has reviewed the Army's subject *Final Record of Decision (ROD) for the Bains Gap Road Ranges*. ADEM issued a concurrence letter on a finalized *ROD* on February 24, 2014. However, the Army subsequently modified the finalized document based on comments received from Army headquarters. The Army informally submitted the modified version via email on March 31, 2014. ADEM and the Army held a conference call on April 1, 2014 to discuss the modifications, which mainly included the revision of "remedial goal options" to "cleanup levels." During the conference call, ADEM requested that the Army should specify the type (i.e. unrestricted, industrial, or ecological) of cleanup levels that are referenced throughout the document. The Army modified the document to incorporate those changes and informally submitted the revised document on April 2, 2014. ADEM received a formal, finalized version of the *ROD* on April 10, 2014. Based on the review, ADEM has determined that all informal comments regarding the *ROD* have been resolved and concurs with the overall content of the subject document. Please note that only hazardous, toxic, and radioactive waste (HTRW) issues were considered during the review of this document. Any unexploded ordnance (UXO) matters will be addressed in the review of future work plans and other related documents.

If you have any questions or concerns regarding this matter, please contact Ms. Kaneshia Townsend at 334-394-4356 or via email at ktownsend@adem.state.al.us.

Sincerely,

Stephen A. Cobb, Chief
Governmental Hazardous Waste Branch
Land Division
