RE: ADEM Review and Concurrence: *Final Site Investigation (SI) Report and Decision Document for the Anniston Army Depot, Former Shell Tapping Area, Parcel 208(7)*, dated May 2002
Fort McClellan, Calhoun County, Alabama
Facility ID No. AL8 213 700 000

Dear Mr. Levy:

The Alabama Department of Environmental Management (ADEM or the Department) and the Environmental Protection Agency (EPA) have reviewed Fort McClellan's submittal of the *Final Site Investigation (SI) Report and Decision Document for the Anniston Army Depot, Former Shell Tapping Area, Parcel 208(7)*.

Based on Fort McClellan's analytical data, the Department agrees that the limited number of exceedences of various contaminant levels in site media are of insufficient magnitude to pose a potential threat to human and ecological receptors at Parcel 208(7).

The Department concurs with Fort McClellan's recommendation that Parcel 208(7) be designated as No Further Action and unrestricted reuse.

For any questions concerning this matter, please contact Mr. Philip Stroud at 334-270-5646 or via email at pns@adem.state.al.us.

Sincerely,

Wm. Gerald Hardy, Chief
