Dear Mr. Coker:

I am enclosing one copy each (including compact disc) of the subject documents. Responses to EPA comments on the draft-final SI report have been incorporated into the final document. In particular, site metals data were re-evaluated in accordance with the new background screening protocol agreed to by the BCT in March 2003. The BCT previously agreed to "No Further Action" and unrestricted land reuse for this site at the April 2002 project team meeting. Please file these documents in your records and provide a letter of concurrence.

At your request, I have distributed copies of these documents as indicated below. If you have questions, or need further information, please contact me at (770) 663-1429 or Steve Moran at (865) 694-7361.

Sincerely,

  
Jeanne A. Yacoub, P.E.  
Project Manager
