Subject: *Final Corrective Measures Effectiveness Report, January 2014 Monitoring Event, Former Chemical Laundry and Motor Pool Area 1500, Parcel 94(7), McClellan, Anniston, Alabama (Final 2014 CMER)*

Dear Mr. Cobb,

On March 5, 2014, Matrix Environmental Services, LLC (MES) on behalf of the McClellan Development Authority (MDA) submitted the *Corrective Measures Effectiveness Report, January 2014 Monitoring Event, Former Chemical Laundry and Motor Pool Area 1500, Parcel 94(7) (2014 CMER)*, dated March 2014. On April 3, 2014, MES provided replacement pages for the Data Quality Summary (Appendix D) of the *2014 CMER*. The replacement pages included a revised Table D6-1 and laboratory data forms showing revisions to the method detection limit (MDL) for 2-hexanone. On January 7, 2015, MES provided a response to ADEM comments dated December 9, 2014, which required no further revisions to the *2014 CMER*. On January 16, 2015, the MDA received concurrence from ADEM for the *2014 CMER*. This letter serves to finalize the *2014 CMER*. Because Table D6-1 and the laboratory data forms are included in Appendix D of the *2014 CMER*, and Appendices are submitted electronically on a CD with the hard copy of the report, only replacement CDs of the Appendices and full *Final 2014 CMER* have been provided.

In addition to this letter, two replacement CDs with the Appendices and one CD with the full *Final 2014 CMER* have been submitted to Mrs. Brandi Little.

Please contact me at (256) 47-0780 (Anniston) or (770) 594-0331 (Atlanta) should you have any questions or comments.

Sincerely,
Matrix Environmental Services, LLC
