RE: ADEM Review and Concurrence: *Final Munitions Response Sites 10 and 11 Site-Specific Work Plan Addendum Revision 1, McClellan, Anniston, Alabama;* dated February 2014
Fort McClellan, Calhoun County, Alabama
Facility I.D. No. AL4 210 020 562

Dear Mr. Scott:

The Alabama Department of Environmental Management (ADEM or the Department) has completed its review of the McClellan Development Authority's *Final Munitions Response Sites (MRSs) 10 and 11 Site-Specific Work Plan Addendum Revision 1*. The work plan now clearly defines the "surface" for the purpose of the Surface Sweep (Final Product). The failure criterion for the MRSs was changed to failure to recover a 37-mm projectile. Additionally, all other text revisions were made as requested. The Department concurs with the subject document.

For any questions or concerns regarding this matter, please contact Ms. Julie Ange of the Remediation Engineering Section at 334-270-5646 or via email at jange@adem.state.al.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Stephen A. Cobb".

Stephen A. Cobb, Chief
Governmental Hazardous Waste Branch
Land Division
