**Subject:      Revised Final Site Investigation Report and Decision Document for**  
**11<sup>th</sup> Chemical Motor Pool Area, Parcels 29(7), 30(7), and 74(7)**

Dear Mr. Pope:

I am enclosing one copy each of the subject documents. The revised Final Site Investigation Report, 11<sup>th</sup> Chemical Motor Pool Area, Parcels 29(7), 30(7), and 74(7) describes the activities and conclusions of the site investigation that IT conducted at the site. The revised final report includes the changes discussed during the June 2001 on-board review meeting at Fort McClellan. During that meeting, the BCT agreed to "No Further Action" and unrestricted land reuse at this site.

Please replace previous versions of these documents with this submittal.

At your request, I have distributed copies of these revised documents as indicated below. If you have questions, or need further information, please contact me at (770) 663-1429 or Steve Moran at (865) 694-7361.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jeanne A. Yacoub'.
