

Table 3-8

**Variance to the Site-Specific Field Sampling Plan
Autocraft Shop/Former DPDO and Former Motor Pool Area 2100 North of DPDO
Fort McClellan, Calhoun County, Alabama**

Variance to the SFSP	Justification for Variance	Impact to Site Investigation
Direct-push temporary wells were not installed at proposed locations FTA100-GP02 and FTA-100-GP04.	The BRAC Cleanup Team decided to discontinue the installation of direct-push temporary wells because groundwater was not being encountered.	Drilling with hollow-stem auger rig allowed well completion with sufficient water for development and sampling.

BRAC- Base Realignment and Closure.
