RE: **ADEM Review and Concurrence:** *Final Site Investigation Report and Decision Document for the Ground Scar at South End of Confidence Course, Parcel 158(7) dated July 2001, Fort McClellan, Calhoun County, Alabama*

Dear Mr. Levy:

The Alabama Department of Environmental Management (ADEM or the Department) has reviewed the *Final Site Investigation Report* and also the Army's *Decision Document for the Ground Scar at South End of Confidence Course, Parcel 158(7) dated July 2001 for Fort McClellan*.

The subject documents were discussed during the Base Realignment and Closure Team (BCT) on-board review meeting on May 10, 2001. During the BCT on-board review meeting, the Department provided its comments on both documents in an interactive manner such that the Army and BCT stakeholders could jointly resolve the Department's comments. The Department's comments are noted in the documented minutes of this meeting.

An overview of the discussion that took place during the May on-board-review meeting is presented below. The following is a paraphrased narrative of the meeting minutes issued by IT Corporation on May 10, 2001:

**Ground Scar South End of Confidence Course: Parcel 158(7)-** *There was no groundwater in any of the monitoring wells when QST Incorporated (QST) attempted to sample at this site in May 1998. IT Corporation (IT) encountered the same condition in October 1999, since the site is underlain by bedrock. Soils data indicated concentrations below site specific screening levels (SSSLs). The BCT recommended that "No Further Action (NFA) with Unrestricted Use" is appropriate for this site.*

As discussed in the meeting and as presented in the Final Site Investigation Report and accompanying Decision Document, it appears that this parcel does not pose a risk to potential human and ecological

receptors. The Department understands that this Decision Document is an Army-lead document under the signatory approval of the Army. However, the Department concurs with the BCT's recommendation that this site warrants no further action and an unrestricted use designation.
