Draft Five-Year Review Report
Fort McClellan, Alabama

1. Please change all current references to the Joint Powers Authority (JPA) to McClellan Development Authority (MDA) as the JPA no longer exists and the MDA is the legal entity responsible for maintaining all agreements made by the JPA.

RESPONSE: Not all references to JPA appropriately convert to MDA. However, the generic term “local reuse authority (LRA)” is applicable in all instances. All references to JPA will be converted to LRA.

2. In Section 5.0 Recommendations and Conclusions, a recommendation is made that no further 5-year reviews be performed on the M2 area because of the construction performed there. Please explain why this construction should be considered sufficient to allow monitoring to be terminated?

RESPONSE: The sentence recommending no further 5-year reviews for the M2 Parcel will be deleted.
