RE: Site Investigation and Decision Document, Parcel 237(7)

Dear Mr. Levy:

I have reviewed the Site Investigation and the Decision Document for Parcel 237(7). The single comment that I have is that the "Mound" should be indicated on the sample location map, and described in Section 4.0, the Site Characterization section. This comment does not change the outcome of the investigation, or the findings based upon that investigation.

I am in agreement with the findings and concur that minimal impact has occurred. Please address this comment and forward the final version of this document to EPA for inclusion in our files.

Should you have any questions, or if I can be of any assistance please contact me at the letterhead address or at 404-562-8541, or via e-mail at www.reedy.bart@epamail.epa.gov.

Sincerely,

Bart Reedy
