Subject: **Draft Final Site-Specific Field Sampling Plan for Former Decontamination**
Training Area South of the Toxic Gas Area, Parcel 207(7)

Dear Mr. Coker:

I am enclosing one copy of the draft final site-specific field sampling plan for your review and concurrence. This draft final plan describes the field activities IT will conduct during the site investigation (SI) at the Former Decontamination Training Area South of the Toxic Gas Area, Parcel 207(7). The proposed SI activities for this parcel were presented and discussed at the May 2002 BCT meeting. During that meeting, the BCT agreed with the proposed investigation approach. Please review the plan and respond with either a letter of concurrence or written comments describing any recommendations.

I have distributed copies of this document according to the distribution list indicated below. If you have questions, or need further information, please contact me at (770) 663-1429 or Steve Moran at (865) 694-7361.

Sincerely,
