RE: ADEM Review and Concurrence: Final Sampling Summary Report for the Blue Hole, Training Area 6C, Revision 1, dated December 18, 2002
Fort McClellan, Calhoun County, Alabama
Facility ID No. AL4 210 020 562

Dear Mr. Levy:

The Alabama Department of Environmental Management (ADEM or the Department) and the Environmental Protection Agency (EPA) have reviewed Fort McClellan's submittal of the *Final Sampling Summary Report for the Blue Hole, Training Area 6C, Revision 1*.

Based on Fort McClellan's decision to release the Blue Hole exclusively for military training reuse, the Department agrees that exceedences of antimony, arsenic and chromium levels in site media pose no potential threat to human health.

The Department concurs with Fort McClellan's recommendation that the Blue Hole be designated as No Further Action.

For any questions concerning this matter, please contact Mr. Philip Stroud at 334-270-5646 or via email at pns@adem.state.al.us.

Sincerely,

Wm. Gerald Hardy, Chief
Land Division
