Cr 30 (Horse Creek Blvd) Bridge (Mile 416)

Horizontal clearances were measured between piers above the water. The clearance below the water may be less than what is shown above.

The water depth as shown is only a graphic representation for visual purposes. No field work has been performed to determine the depth of water.

St. Louis & San Francisco Railroad Bridge (Mile 416.2)

Horizontal clearances were measured between piers above the water. The clearance below the water may be less than what is shown above.

The water depth as shown is only a graphic representation for visual purposes. No field work has been performed to determine the depth of water.
