

Notice to Navigation interests

U.S. ARMY CORPS OF ENGINEERS

BUILDING STRONG.

February 21, 2019

TECHNICAL SUPPORT BRANCH

**NAVIGATION BULLETIN NO. 19-11
NOTICE TO NAVIGATION INTERESTS:**

APALACHICOLA, CHATTAHOOCHEE AND FLINT RIVER SYSTEM
(ACF)

Reference Navigation Bulletin No. 18-77. Notice is given to mariners that based on the 10-day forecast for releases from Jim Woodruff Lock and Dam and subsequent forecasted stage at Blountstown gage, we are supporting a 7 foot navigation channel through February 27, 2019. The Blountstown gage is currently 12.09 feet and forecast to remain above 10 feet during this period.

Anyone anticipating using the system is encouraged to monitor the flow and water levels at the following website: <http://water.sam.usace.army.mil/>

Commercial mariners should schedule lockage appointments at the Jim Woodruff lock by calling (850) 663-4692 or (229) 723-3482. George W. Andrews and Walter F. George Locks remain closed due to mechanical failures.

Navigation Bulletins will be issued on a weekly basis throughout the navigation season to provide the latest water level and navigation information.

For additional information, contact Carl Dyess at (251) 690-2570.

STEPHEN S. BEAMS
Chief, Navigation Section
