NAVIGATION BULLETIN NO. 16-59

NOTICE TO NAVIGATION INTERESTS:

BAYOU CADDY, MISSISSIPPI

Notice is given to mariners that Integris Projects, LLC is expected to begin operations on November 16, 2016 for the construction of a shoreline stabilization project located immediately south of the Bayou Caddy (Cadet Bayou) Federal Channel, near Lakeshore, Mississippi. This project is being executed under Mobile District's Coastal Resiliency Program and the work is expected to be completed in approximately six (6) months.

The contractor will utilize floating plant equipment for the project and work will be performed during daylight hours only, 7 days per week. The floating plant can be contacted on VHF-FM Channels 13 and 16.

Mariners should exercise extreme caution when transiting this area.

For further information, please contact Danny Rackard, Project Manager with Integris Projects, LLC at (251) 597-0849.
