April 12, 2018

TECHNICAL SUPPORT BRANCH
NAVIGATION BULLETIN NO. 18-24
NOTICE TO NAVIGATION INTERESTS:

GULF INTRACOASTAL WATERWAY, FLORIDA

Notice is given to mariners that Inland Dredging Company, LLC’s dredge “KELLY L” is expected to arrive on the GIWW at Mile 179, near Fort McRee, on or about 20 April 2018 to begin maintenance dredging operations to remove shoaling in an area between Mile 179 and Mile 180. Attached are hydrographic surveys of the shoaling.

The dredged material will be disposed into an upland disposal area located just south of the channel. This work is expected to be completed by 30 April 2018.

The dredge will utilize floating and submerged pipeline, in addition to a number of support vessels. All vessels will be lighted in accordance to U.S. Coast Guard Safety Regulations. The dredge plant can be contacted on VHF-FM Channels 13 and 16.

Mariners should exercise extreme caution when transiting this area.

For further information, please contact the U.S. Army Corps of Engineers, Panama City Site Office at (850) 784-9780.
