MEMORANDUM FOR COMMANDER, MOBILE DISTRICT

SUBJECT: Alabama-Coosa-Tallapoosa River Basin Master Water Control Manual Update and Final Environmental Impact Statement

1. Reference Memorandum, CESAM-DE, 13 March 2015, subject as above.
2. The Alabama-Coosa-Tallapoosa (ACT) River Basin Master Water Control Manual (MWCM) and Final Environmental Impact Statement (FEIS) propose water management operating criteria for the entire basin and assess the environmental impacts of the implementation of the proposed operating criteria.
3. Mobile District conducted extensive agency and public review during development of the Master Water Control Manual. The District has provided satisfactory responses to all District Quality Control (DQC), Agency Technical Review (ATR), Type I Independent External Peer Review (IEPR), public, state and federal agency comments. All comments were considered and evaluated and with revisions made to the FEIS, where appropriate.
4. The Master Water Control Manual and associated project water control manuals for the ACT River Basin are approved as requested. The Record of Decision (ROD) has been signed under separate action.
5. If you have any questions regarding the approval of the ACT MWCM, please contact Mr. Trent Ferguson, CESAD-RBT, (404) 562-5128.
