**U.S. ARMY CORPS OF ENGINEERS
MOBILE DISTRICT**

**NOTICE OF AVAILABILITY FOR THE
PROPOSED WATER INTAKE STRUCTURE PROJECT
WEST BANK OF TENNESSEE-TOMBIGBEE WATERWAY**

ITAWAMBA COUNTY, MISSISSIPPI

TO ALL INTERESTED PARTIES:

The U.S. Army Corps of Engineers, Mobile District requests your review and comment on the proposed Fulton Pool Raw Water Intake project. The draft Environmental Assessment (EA) addresses both Section 408 concerns as well as Real Estate requirements. A copy of the draft EA is located on the following website: <http://www.sam.usace.army.mil/>. The document is being circulated to resource agencies and interested members of the public for a 30 day comment period.

The Northeast Mississippi Regional Water Supply District proposes a lease action project area of approximately 10.31 total acres for construction of a new water intake structure on the west bank of the Fulton Pool of the Tennessee Tombigbee Waterway (Tenn-Tom) in Itawamba County, Mississippi. The proposed project area is on the west bank of the Tenn-Tom's Fulton Pool, at a location immediately west of the city of Fulton. The proposed project action requires acquisition of 5.63 acres of permanent easement and 4.68 acres for temporary easement from the U.S. Army Corps of Engineers. The proposed action would reduce the amount of chemicals required for treatment as well as unwanted treatment by products.

Correspondence concerning this draft EA should be directed to the District Engineer, U.S. Army Corps of Engineers, Mobile District, P.O. Box 2288, Mobile, Alabama, 36628, Attention: CESAM-PD-EI, in time to be received within 30 days of date of this notice. Ms. Heather Bulger, telephone (251) 694-3889, may be contacted for additional information.
