SPECIAL PUBLIC NOTICE

SPECIAL PUBLIC NOTICE

PUBLIC ADVISORY

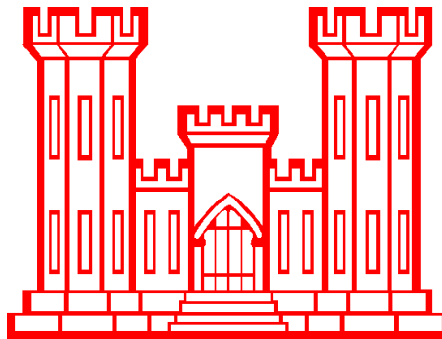

ON

MOBILE DISTRICT REGULATORY OPERATIONS

Please note that all Mobile District Regulatory offices are currently closed to walk-in visitors for the health and safety of Corps staff and the public. These are necessary changes in procedures to reduce contact and limit face-to-face interaction with the public. These changes remain in effect until further notice. The Regulatory Division will continue operations, largely limited to communication via telephone and electronic means. Currently, all routine site visits have been cancelled until further notice. Staff members are currently in a telework status, and have been positioned to use necessary means to address regulatory requests.

Please contact your assigned project manager by email if you have any questions regarding the status of a specific project. For general regulatory questions, you may submit your questions by email to the following email address: [cesam-rd@sam.usace.army.mil](mailto:cesam-rd@sam.usace.army.mil), or you may call 251-690-2658. We will strive to answer all calls at this number. However, you may also leave a message, and we will have someone return your call. We also request that all permit applications be sent to the aforementioned email address. With all staff members in a telework status, and potentially limited network connectivity, please understand that there may be delays in responding to email and phone calls.

The Regulatory Division remains committed to executing our mission and regrets any inconvenience imposed by these measures to protect our team and the regulated public.
